

Mayor Asisaun Toovak  
City of Utqiaġvik  
Utqiaġvik, Alaska

Dear Mayor Toovak,

I hope this letter finds you in good health and high spirits. My name is Abel Hopson-Suvlu, and I am writing to express my interest in serving on the Eben Hopson Scholarship Committee in Utqiaġvik.

As a proud resident of Utqiaġvik, I have always admired the work and initiatives undertaken by the city to promote education and support the youth in our community. The Eben Hopson Scholarship is a testament to the city's commitment to providing opportunities for higher education and empowering our future leaders.

I believe that my background and experiences make me well-suited for this role. Currently, I am employed at the Arctic Slope Native Association, where I have gained valuable insights into the needs and aspirations of our community members. Working closely with individuals from diverse backgrounds has allowed me to develop strong communication and interpersonal skills, which I believe are essential for serving on the scholarship committee.

Furthermore, I am a college student myself, pursuing my own educational aspirations. This firsthand experience as a student has given me a deep understanding of the challenges and obstacles that students face in their academic journeys. I believe this perspective will enable me to provide valuable insights and support to the scholarship committee in making informed decisions.

I am committed to the success of the Eben Hopson Scholarship and the positive impact it can have on the lives of our students. I am confident that my dedication, passion, and ability to work collaboratively will contribute to the committee's mission of identifying deserving candidates and awarding scholarships to support their educational endeavors.

I kindly request your consideration for a position on the Eben Hopson Scholarship Committee. I am eager to serve the community in this capacity and contribute to the betterment of Utqiaġvik's educational landscape.

Thank you for your time and attention. I look forward to the opportunity to discuss my potential contribution further.

Sincerely,

Abel Hopson-Suvlu
